Objective

Creative and detail-oriented Frontend Developer with a strong passion for designing intuitive, responsive, and user-friendly web interfaces. Committed to delivering seamless user experiences and continuously learning to stay aligned with industry trends. Seeking an opportunity to contribute to dynamic teams, solve real-world problems, and grow as a developer through impactful projects.

Education

Government Engineering College Karwar   Dec 2020 - May 2024

Bachelor of Engineering – Computer Science and Engineering

Skills

- **Programming Languages:** Java, Python
- **Web Development:** HTML, CSS (Tailwind), JavaScript, React.js
- **Database Management:** MySQL
- **Frameworks & Tools:** Flask, Git, Android Studio
- **Version Control & Deployment:** Git, GitHub
- **Others:** Responsive Design, UI/UX Basics, RESTful APIs

Experience

Techsaksham, Intern   Jun 2023 - Jul 2023

- Completed the ACSR Foundation Course between Microsoft and SAP.
- Developed foundational AI and cloud solutions, improving technical proficiency and problem solving skills.

AiRobosoft, Intern   Aug 2023 – Sep 2023

- Worked on data processing, model training, and evaluation in projects.
- Collaborated with professionals to improve the accuracy and efficiency of the project.

Projects

BiteMeal (Food-Delivery-Website)

- Developed a fully responsive and interactive web app with seamless navigation and modern UI using React.js and Tailwind CSS.
- Implemented dynamic cart management and order flow to enhance user engagement and real-time experience.

Drowsiness Detection System

- Implemented an OpenCV-based solution for real-time driver drowsiness detection.
- Used machine learning algorithms to enhance road safety through proactive alert mechanisms.
- Improves energy efficiency by reducing accident-related fuel and vehicle waste.

Certifications

- Airbosoft AI and Machine Learning Certificate
- Techsaksham Foundation Certificate
